【SEX&RELATIONSHIP】 ONLINE WORKSHOPS

"Sex" is the most primal desire of mankind. It is the deepest and most obscure, but also the most stimulating and pleasant relationship in the connection between 2 human beings.

Francine, a senior PoV trainer living in the United States, will discuss with us what kind of energy is hidden behind "sex"? Driven by this energy, what kind of power is hidden within? How does this energy affect you/your life?

"Sex and Relationships" contains 6 consecutive online mini workshops. Together we will explore the secrets to our ideal relationships.
